

REINFORCEMENTS INCORPORATED

Honoring Our Heroes, Restoring Their Homes

Reinforcements Inc is a 501(c)(3) nonprofit based in Maryland. We provide eligible US military families with the technical guidance and financial support needed to maintain the value of their homes through subsidized repair, replacement and renovation services. Your family may be eligible for our **free** support.

When your family receives our services, we:

- Meet with you to confirm your eligibility
- Conduct a home inspection to identify needed repairs
- Provide a plan for making the repairs
- Find licensed contractors from our network to complete the repairs
- Pay the costs of the repairs

Once your home is restored, our commitment to protecting your family against expensive repairs will continue, for as long as you remain eligible.
